**FINAL CHALLENGE CLARIFICATIONS**

No further Challenge Clarifications will be posted on the web page before Tournament Day. Your Regional Director has a copy of ALL clarifications for reference should you have any concerns on TOM Day.

- Teams must stay in character for the duration of the Challenge solution. Explanations/reactions to parts of the solutions cannot take the form of a discourse.
- All recycled materials MUST appear on the Cost Form under the Cost Exempt column. Materials used to construct props and costumes do not need to be costed and as such need not appear on the Cost Form.
- Venue lights may be dimmed over the projection area if a data projector is being used. However the main audience lighting must remain on.
- Electronic equipment may be set up prior to the 10 minute presentation time. At the end of the presentation period data

Challenging the **World**
projectors need only be switched to standby mode as they cool down. They do not have to be removed from the area immediately.

- No ready made jewellery is allowed to be worn. All items must be from the list of Allowable Materials.
